We also hope that you contribute to FCO, Inc. by bringing new ideas and keeping the club as dynamic and interesting an organization as it can be. FCO Inc. is always seeking new members, as we want to help you better understand and enjoy your Corvette

## Letter From the President -

As the Covid-19 restrictions are getting lifted I am excited to see some return to normal within our Corvette community. That being said it has been a trying year for all of us with limited travel and socializing . Now that some restrictions have been lifted we can once again meet as a club and start the process of drives and dinners once again. I do understand concerns and safety protocols must still be maintained as CDC guidelines that continue to be enforced will be subject to any meet or event we have. As President , I hope to encourage an open line of communication between members and the Board of Directors. This is shaping up to be an exciting year for our club with a new venue (Ocean Beach Park in New London) for our show and the fact that we have the only corvette only show in Connecticut and Rhode Island this year. I would also like to extend a welcome to new members and old alike as we continue to fill our schedule with rides and events this summer. Suggestions for rides and events will soon be put up on our website. I would also like to thank the Board and Past President Jerry Ramsey with there assistance during these tough times keeping the club moving forward. We have amazing members and please when you see a corvette don't hesitate to share with them our club info and especially our show. I am excited to see what the year brings and

hope all of our members stay well and healthy in the coming year. Please do not hesitate to contact either myself or any board members with questions that you may have our information is on the web site. I look forward to an exciting year with both old and new friends in our Corvette community.

Sincerely,  
Bob Sicuranza  
President

# Featured Vette Of The Month

I purchased my 2016 Stingray in February of 2016 after selling my 1989 Corvette. I purchased the car not just for me but as a way to bond with my father. Shortly after the purchase, I joined "For Corvettes Only, Inc" as a way to meet other Corvette enthusiasts. I recently was named Vice President of the club and will continue enjoying America's greatest sports car, the Chevy Corvette!!!

Corvettes at Carlisle is the largest and most fun-filled Corvette car show in the world. The annual Corvettes at Carlisle event features thousands of Corvettes representing all generations of America's classic sports car. Guests flock to Carlisle for this event - an event that was "name dropped" on the Jimmy Kimmel Live TV show in December of 2018. Corvette enthusiasm is contagious with participation in autocross, exhaust contests, seminars and more. The excitement continues with an incredible parts shopping experience, including an automotive flea market with a wide variety of vendors, an all-Corvette car corral and Manufacturers Midway. Bring your Corvette or walk around and look at the amazing variety on display on the Fun Field. Corvettes at Carlisle spotlights all aspects of the Corvette hobby, including different styles, packages and every generation of production, from year one in 1953 to the modern day C8.
